

# 1 Digital Maritime Regulations Flag products and subscription levels

Our Digital Maritime Regulations products are available on two levels of subscription:

### Premium

This excellent package ensures that you are compliant by providing you with access to flag state regulations, including all acts, laws, notices and circulars.

This level subscription also gives you access to all EU legislation, ILO conventions, SOLAS, MARPOL, STCW and Unified Interpretations.

### Professional

Our top tier subscription package, provides you with access to all documentation in the premium package – plus access to all other relevant IMO resolutions, circulars, codes and conventions.

We also provide you with access to all MCA instructions to surveyors - for guidance on best practice.

### Your flag, your regs, your choice:

Choose the product that best suits your need. All flag options offer basic compliance and we have letters of digital equivalence for all states, except Malta which is pending.

If your vessel is United Kingdom, Bermuda, Cayman Islands, Gibraltar or Isle of Man registered, you will get subscription access to Regs4yachts Red Ensign product. Turn over for further information about what each level offers you.

	Premium	Professional	Letter of Equivalence
<b>Bermuda ‡</b>	✓	✓	✓
