## Electronic Chart Updates At-A-Glance

**One-time** - 10% of the original purchase price of the chart(s) - Updates all charts with the newest editions, replaces expired charts and adds any new charts available for the region.

**Quarterly** - The Quarterly Service provides for updates per year (every 3 months) via a World Chart Folio CD-Rom together with an update license. The service is for 1 calendar year (Jan. - Dec.)

**Professional** - Provides bi-weekly chart updates via the Transas web site, monthly chart corrections service via CD-Rom, and new editions via Quarterly CD-Rom. The service is for 1 calendar year (Jan. - Dec.)

**Real time updates** - Available via internet updating, with a downloadable program from Navionics.com. The service is free for one year from the time of purchase.

**Real time updates** - An update can be purchased for your MaxPro region which will allow you to access real time updates via the internet for one year from the date of purchase. Prices for updates vary depending on the region. Contact your distributor for pricing.

**Bi-annual updates** - Available via re-programming your existing chip and-or trade in your old chip as a credit to the same region or a different region. Price for updates varies depending on the region. Contact your distributor for pricing.

**Bi-annual updates** - An updated chip can be purchased or the original chip can be updated depending on the age.

**NOBELTEC**

**Bi-annual updates** - 50% of the original purchase price - Chart can be downloaded and an unlock code is provided by a Furuno dealer

**AVCS** - Weekly updates available via email and download from UKHO website.

**ARCS** - Navigator and Skipper Service.
